### ASSAULTED A GIRL.

A. G. Wilson Beats a Young Italian Girl and is Chased by Indignant Men.

Yesterday morning quite an excitement was caused in the Sixth ward by a man who entered a house on Main street near Hoffman's tannery and proceeded to beat a young Italian girl named Mary Garcer. The girl's screams attracted the attention of the men working at the tannery and some of the employees of the Belmont mill, who hurried in and put a stop to the slugging match.

When the men entered the house the fellow ran out the back way and down the alley. He was followed, however, by the crowd of indignant citizens, and a lively chase ensued. He ran down Twenty-fourth street to the railroad track and thence to Twenty-second, where he turned towards Main street. Ex-Mayor Seabright heard the racket and rushed to his door just in time to catch the fugitive. He held him until Officer Wolf came up and arrested him. He gave his name as A. G. Wilson and will have an opportunity to explain matters to His Honor this morning.

## CITY COUNCIL.

A Busy Meeting of the City Legislators Last Night.

### MANY MINOR MATTERS MADE

Up the Order of Business for the Evening.

The City Balances—Various Committee Bills Ordered Paid—New Gas Board Assistant Secretary—West Virginia Sand Company Applies for Privileges on the Wharf—The Two Branches Non-Concur

Last evening a regular meeting of the city council was held. In the absence of Mayor Caldwell the chair of the upper branch was occupied by Mr. Richards, of the Second ward. President Maxwell presided in the Second branch.

The city clerk reported balances in the various city funds footed up \$350,328 07.

The committee on markets recommended payment of bills amounting to \$19 14; passed. The contract entered into for the repairing of the Fifth ward market house roof, \$47 25, by Kurtz & Coffee, was approved. The committee also recommended that the city garbage collector gather the garbage at the two market houses. Mr. Britt desired to know whether there would be extra compensation for the collector; Mr. Kern believed there should be none; but as there was some uncertainty, the matter was referred to the committee on health. The Fifth ward market was ordered closed on July 4.

The markets committee presented an ordinance requiring the clerk of the Fifth ward market to collect from owners of vehicles a fee of twenty-five cents for occupying the street adjacent to the market, for the sale of merchandise. This applies to wagons that occupy any space in the market limits on Market street, between Twentieth and Twenty-second streets, for longer than fifteen minutes. The ordinance went to its first and second reading, and was adopted in the Second branch without opposition. The First branch concurred.

The committee on charities reported a recommendation that the prayer of the West Virginia Sand Company for space on the wharf, be refused. A motion to table the report was voted down, after which the committee's action was concurred in.

The fire department committee had audited bills, \$273 43; ordered paid. The committee reported a resolution authorizing the purchase of a new striking apparatus for the fire tower on the city building at a cost not to exceed \$600, to be paid for out of the city contingent fund. Mr. Willis, of the committee, spoke in favor of the resolution, saying the striker now in use will not work and is beyond repair. The resolution was passed without opposition.

The committee on cemeteries reported bills amounting to \$11 65; ordered paid.

Police committee reported police bills, \$63 40; city prison bills, \$119 99; ordered paid.

The board of public works asked and was granted authority to pay from the contingent fund, bills aggregating \$729 90.

The gas board reported the appointment of William M. Schenk as assistant secretary, in place of J. G. W. Belier. The appointment was confirmed.

The committee on real estate reported bills, \$36 25; ordered paid.

The West Virginia Humane Society petitioned council to repeal the calf muzzling ordinance, calling attention to this needless cruelty. Mr. Willis moved that the ordinance committee be instructed to draft an ordinance repealing the obnoxious one, which was passed.

The claim of Louis Zimmer for damages was referred to the committee on claims.

Mr. Willis' motion that \$600 be appropriated out of the contingent fund for improving the East End park, was defeated after a short discussion by a vote of 9 to 7.

At 9:15 p. m. the second branch adjourned.

In the first branch the application of the West Virginia Sand Company for space on the wharf was reconsidered. Mr. Shriver, of the company, was heard on the subject, through his attorney, Mr. John A. Howard. He made it a point that Mr. Shriver had built up a home industry; had he come here from abroad, press and people would agree that he should be encouraged. He asked that he may place a pole on a part of the wharf 100 yards below that part which is in use. From this pole he would string a wire and by an arrangement of pulleys convey sand from his sand boats to the top of the bank. There would be no other obstruction than the "telegraph pole." Mr. Shriver would be satisfied with a lease which could be revoked by council on ninety days' notice.

Mr. Howard asked that the upper branch non-concur in the action of the second branch, so that the question could go to a committee on conference when Mr. Shriver would like to have another hearing and introduce an ordinance to which no one can possibly object. The motion to non-concur in the action of the second branch was passed and the following members of the first branch were named as a committee on conference: Ebelling, Britt and Menkemeller.

At 10 o'clock the first branch adjourned.
